

Term 4	Week 1	Week 2	Week 3	Week 4	Week 5	Week 6	Week 7	Week 8	Week 9	Week 10
Maths	Time		Whole Numbers Addition & Subtraction		Patterns & Algebra Multiplication & Division		Patterns & Algebra Addition & Subtraction		Whole Numbers Addition & Subtraction	
	Tell time to half- and quarter-hour		Recognise, describe count and order money Strategies for addition and subtraction (using money)		Counting patterns Patterns that increase/ decrease by twos, threes and fives etc Strategies for multiplication and division		Solve problems by using number sentences for addition or subtraction Strategies for addition and subtraction		Counting sequences Forwards and backwards by ones from any starting point Strategies for addition and subtraction	
	Chance		Mass		Position		3D Space		Volume & Capacity	
	Activities and events that involve chance; language of chance unlikely, likely, certain, impossible		Compare masses of objects		Interpret simple maps of familiar locations		Describe the features of three-dimensional objects		Compare and order volume and capacity of several objects using informal units	
English	Stories Around the World									
	<i>Students learn that imaginative texts are told by people all over the world. They make inferences about characters' actions, motives and qualities. Students engage in role play and dramas related to texts read and viewed.</i>					<i>Students use their growing understanding of text structures and features to retell and adapt known texts for a familiar audience. They begin to experiment with creative language features and consider how to make their story engaging.</i>				
HSIE- Geography	Geography - People and Places									
	<p><i>Students explore places across a range of scales within Australia and Australia's location in the world. They describe connections people, including Aboriginal and Torres Strait Islander Peoples, have with places, both locally and globally. Students identify factors affecting people's accessibility to places.</i></p> <ul style="list-style-type: none"> • <i>Where are places located in Australia?</i> • <i>How are people connected to places?</i> • <i>What factors affect people's connections to places?</i> 									
Science & Technology	Earth and Space						Digital Technologies			
	<p><i>Students identify and explore the use of a variety of Earth's resources. Students identify how Aboriginal Peoples care for Earth's resources, plan and implement strategies considering sustainability and usage to meet person/community needs.</i></p> <ul style="list-style-type: none"> • <i>What are Earth's resources and how do we use and care for them?</i> 						<p><i>Students learn to identify data as pictures, symbols and diagrams. Students collect, explore and sort data, identify patterns and use digital systems to present data.</i></p> <ul style="list-style-type: none"> • <i>What is data and how can we store and represent it?</i> 			
Creative Arts	Drama						Music - Presentation Day Performance			
	<p><i>Students will engage in role play and drama games to represent familiar events and characters in texts. Students will learn to make inferences about character motives, actions, qualities and characteristics when responding to texts during drama. Students will also use drama to assist in developing characters.</i></p>						<p><i>Practising and performing item for Presentation Day</i></p>			
PDHPE	Personal Development and Health					Physical Education				
	Healthy Food- Healthy Bodies					Games and Sport / Gymnastics Program
